INDUSTRIAL ENGINEERING SEMINAR

Research Directions, Thoughts and Perspectives from an NSF Program Director

Dr. Sheldon H. Jacobson
Program Director of Operations Research
National Science Foundation

Date: December 4, 2013

Time: 11am-Noon

Place: 102 D

The National Science Foundation provides support for basic research across a spectrum of fields and disciplines. This presentation provides the perspective that a Program Director gains by being “behind the curtain” at NSF, and shares some thoughts on research directions and funding opportunities available.

Lunch will be provided. Please RSVP to etekin@uh.edu if you are planning to attend and please indicate any dietary restrictions.

FREE FOOD!
